SUMMARY

Third-year BCA student specialising in Data Science and Big Data Analytics, seeking a data analyst or data scientist internship. Built a deep learning model in Python (TensorFlow, Keras) to predict ATM withdrawal amounts, and completed Coursera courses in SQL, R, Python and Spark/Hadoop. Also built full-stack web applications with PHP and MySQL.

EDUCATION

Bachelor of Computer Applications (BCA): Data Science, Big Data Analytics and Full Stack Development
Yenepoya Institution of Arts, Science and Commerce Management | Third year | Expected graduation: 2027

PROJECTS

ATM Transaction Amount Prediction (Deep Learning)
Individual project

- Developed an artificial neural network (ANN) in Python with TensorFlow and Keras to predict ATM withdrawal amounts from historical transaction data.
- Performed data preprocessing, model training and performance evaluation.
- Technologies: Python, TensorFlow, Keras, Pandas, NumPy, Scikit-learn.

Hospital Appointment Management System
BCA final-year project (individual)

- Built patient, doctor and admin portals for online appointment booking, with doctor management and prescription management.
- Developed dashboards and a Smart Doctor Recommendation feature.
- Technologies: HTML, CSS, Bootstrap, JavaScript, PHP, MySQL, XAMPP, VS Code.

Student Portal
Academic project (individual)

- Developed a web portal and its user interface for managing student information and records.
- Technologies: HTML, CSS, JavaScript.

SKILLS

Programming: Python, R, SQL, JavaScript, PHP
Data Analysis and ML: Pandas, NumPy, Scikit-learn, TensorFlow, Keras
Analytics Tools: Excel, Power BI, MySQL
Big Data (coursework): Spark, Hadoop
Web Development: HTML, CSS, Bootstrap
Other Tools: XAMPP, VS Code

CERTIFICATIONS

Coursera, completed 2025–2026

- Python Project for Data Science (IBM)
- Data Analysis with R Programming (IBM)
- Introduction to Big Data with Spark and Hadoop (IBM)
- The Structured Query Language (SQL)
- Introduction to Big Data
- Linear Algebra: Linear Systems and Matrix Equations
- HTML and CSS in Depth (Meta)
- Introduction to HTML

LANGUAGES

English, Malayalam
